LOVE DIES.

Mrs. Ella Wheeler Wilcox says there comes a time in the course of married love when "the thrill goes out of the hand-clasp and the kiss at times, and it is then that husband and wife may be susceptible to other magnetic personalities." The reason for this condition of affairs is often the fault of the husband, but how often is it not due to the wife's nervousness and irritability due to some trouble with the organs peculiarly feminine—the wife under such circumstances feels languid and spiritless—she suffers perhaps from headache and sleeplessness.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Profluvium, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

A great deal of sickness may be saved by keeping on hand a copy of Dr. Pierce's thousand-page illustrated book, "The Common Sense Medical Adviser." Sent free, paper-bound, for twenty-one one-cent stamps to pay cost of mailing only, or cloth-bound for thirty-one stamps. Address: World's Dispensary Medical Association, 665 Main Street, Buffalo, N. Y.

Constipation and a bilious attack go hand-in-hand. Dr. Pierce's Pleasant Pellets are a sure and speedy cure for both. Tiny, sugar-coated granules. One little "Pellet" is a gentle laxative and two a mild cathartic. They never gripe. Nothing else is "just as good."

Stomach Troubles cured by KODOL

WAR IN THE EAST.

The dispatches sent from St. Petersburg yesterday to the effect that another battle had been fought between Russians and Japanese and that the latter had been repulsed, are not confirmed.

Censored press dispatches indicate that the important Japanese movements looking to the investment of Port Arthur both by land and sea are progressing. It is believed Vice Admiral Togo has effectively blocked the harbor, and that troops have been landed on the Liaotung peninsula with a view to cutting the railroad to Port Arthur.

There are also rumors of another battle in Manchuria, near the Yalu river, and of an engagement between the Vladivostok squadron and the Japanese squadron, commanded by Vice Admiral Kamimura.

Five Japanese warships, with large number of transports, have been seen near Kinkow Bay on the west coast of the Liaotung peninsula north of Port Arthur.

Vice Admiral Togo's squadron is behind the Liaotung promontory, south of Port Arthur, according to a dispatch direct from that place, which also says that transports, with Japanese troops on board, have arrived at Pitsewo, north-east of Port Arthur, with the object of making a landing.

Pitsewo is situated on the east coast of the Liaotung peninsula and about 75 miles northeast of Port Arthur. It is near the narrow part of the peninsula, along which passes the railroad connecting Port Arthur with Mukden and Harbin. Kinkow Bay, where Japanese transports are also reported to have been sighted, is on the west coast of the Liaotung peninsula and not far from Pitsewo.

Chinese junks which arrived at Chefoo yesterday reported that a fleet of 40 Japanese warships and transports was off Wei Hai Wei Tuesday, steaming northwest.

The effect of the disaster to Russian arms on the Yalu upon the Chinese is being watched with keen interest and considerable apprehension. The Russian government appears to be satisfied with the situation for the moment, and Paul Lessar, the Russian minister at Peking, is making daily reports to the foreign office. The report received from the minister yesterday contained nothing disquieting.

The Peking government, according to Russian reports, seems to be acting in perfect good faith and insists that it is intent upon preserving neutrality. It is turning a deaf ear to the appeals of anti-Russian leaders, who want China to throw in her lot with Japan, and is doing all possible to suppress anti-foreign agitation among the people.

Nevertheless, the Russian authorities regard China as a powder magazine. They realize the danger inherent in the situation and the necessity for constant pressure on the Peking government.

The danger of an anti-foreign movement throughout the Chinese Empire exists not only for Russia, but for all the powers, and Russia has at least three times since the outbreak of the war addressed the powers on the subject, the last time being less than 10 days ago. The answers received uniformly show a full appreciation of the need of exercising restraining influence on Peking, and all the powers are co-operating to this end.

Korean officials admit that if the Japanese do not continue victorious in their operations on the Yalu river and in Manchuria the Tonghaks (bandits) of northern Korea will rise in open rebellion. Their leaders are now, it is said, awaiting any Japanese reverse. It is probable that the southern branch of the Tonghaks has already risen, as they are now troubling the district officials, annoying the Japanese workmen on the Seoul-Fusan Railway and endeavoring to intimidate the Korean coolies to stop work. Effective military occupation has silenced the northern agitation, and it probably will be necessary for the Japanese to take stringent measures to quiet southern Korea. It is rumored that Ki Yung Su, a former mayor of Seoul, who was believed to have been the fomentor of the Bedlar riots last March, has a theatrical plot, in the event that Russia is victorious, to combine the Tonghaks and alleged Catholic converts and murder several French priests, hoping thereby to force the stationing of French garrisons in the troubled districts in order to complicate the situation.

Lockouts in Chicago.

Five thousand members of the Boot and Shoe Workers' Union of Chicago are idle as the result of a lockout declared by six of the largest shoe factories. The shoe manufacturers have notified the national officers of the union that the manufacturers will discontinue the use of the union stamp and hereafter run the factories as open shops. Mason work was shut down on many partly completed buildings throughout the city yesterday by the lockout of limestone and cement teamsters. It is estimated by employers and union officials that 15,000 to 20,000 workers are out of employment.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehopyny, Pa., made a startling test, resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at E. S. Leadbeater & Sons.

Misappropriated Public Funds.

There was a great sensation in the Italian Chamber of Deputies yesterday at the conclusion of the parliamentary inquiry into the administration of Signor Nasi, former minister of public instruction. The inquiry proved Nasi guilty of the misappropriation of large sums of money, the falsification of documents, the suppression of evidence and continuous peculation. The law courts presented to the chamber a demand that they be allowed to proceed against Nasi and arrest him, but under the rules of the chamber the discussion of this demand was postponed until tomorrow. Meanwhile the news that Nasi had been declared guilty of the charges against him spread and the former minister, believing all to be lost, fled. Nasi was a strong politician and it was believed he was destined to become premier. The result of the parliamentary inquiry into his conduct has caused great excitement.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Richard Gibson and W. F. Creighton & Co.

When the Sap Rises

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs. G. E. Fenner, of Marion, Ind., says: "I suffered with a cough until I run down in weight from 145 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.
